What makes the **Certum Partner Program** so special?

Full security

You get a 100% guarantee that every Certum product you sell is fully compliant with regulations and global standards.

Full support

As a Certum Partner, you gain a personal advisor who will guide you through the entire process of joining the program. You can count on their support at any time.

Easy access to the offer

You decide how you order your products. You can do this through the API that provides full integration with your store, the WHMCS plugin or directly through the Certum store.

Different forms of partnership

You gain a dedicated certification that allows you to sell SSL certificates under your own brand, as a white label reseller. If you want, you can also offer them under the Certum brand.

Flexible cooperation model

You order products and services when you want them. You also choose the settlement method that suits you best: flat fee, pay as you go (PAYG) and deposit.

Marketing support

You have constant access to our extensive library of support and marketing materials. You can also count on full 24/7 technical support.

Join us and gain:

- New business opportunities and a chance to increase revenue.
- Access to proven solutions provided by a market leader.
- A wide portfolio of products valued and sought after by customers.
- Full support from Certum experts and a flexible cooperation model.

Why Certum?

- The only supplier in Poland approved by Adobe.
- The oldest and largest Certification Authority in Europe.
- Certificates recognized by 99.9% of web browsers.
- Best traffic thanks to AKAMI servers.
- Infrastructure located in Europe.
- Solutions periodically audited by WebTrust.

Choose quality.
